

Chopsticks

By: Des B.

Surrounded by faces that don't look quite like mine

Good Tea
Good Friends
Smiling Faces
Fancy Places

Deep and thoughtful discussion
"I wanna try ecstasy"
"So China and Hong Kong are two different countries?"
"My ex was a total asshole so I broke his phone"

Food's here!

Rubbing sticks together
Slippery noodles
Fumbling beef spare ribs
Just stabbing the **fucking** dumpling

"Do you need a fork?"

Splinters suck

"Nah, I'm good"

These faces look nothing like mine.
